Chain view

Browser view stitches chain, ports, and lockup for sanity check

The idea

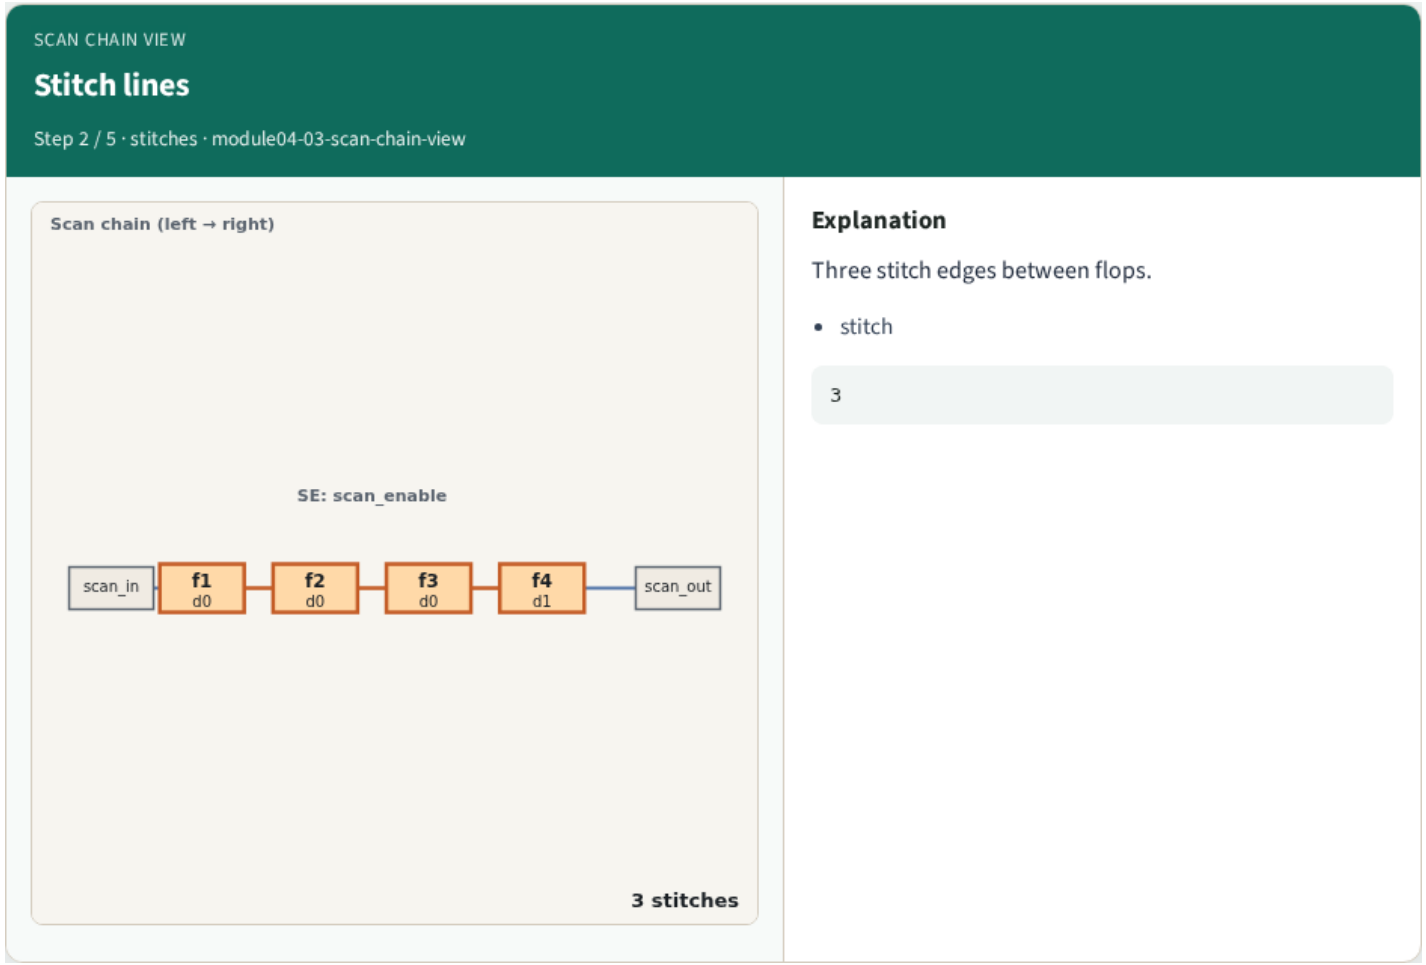

- GOLDEN: f1→f2→f3→f4; lockup between f3→f4

Draw chain

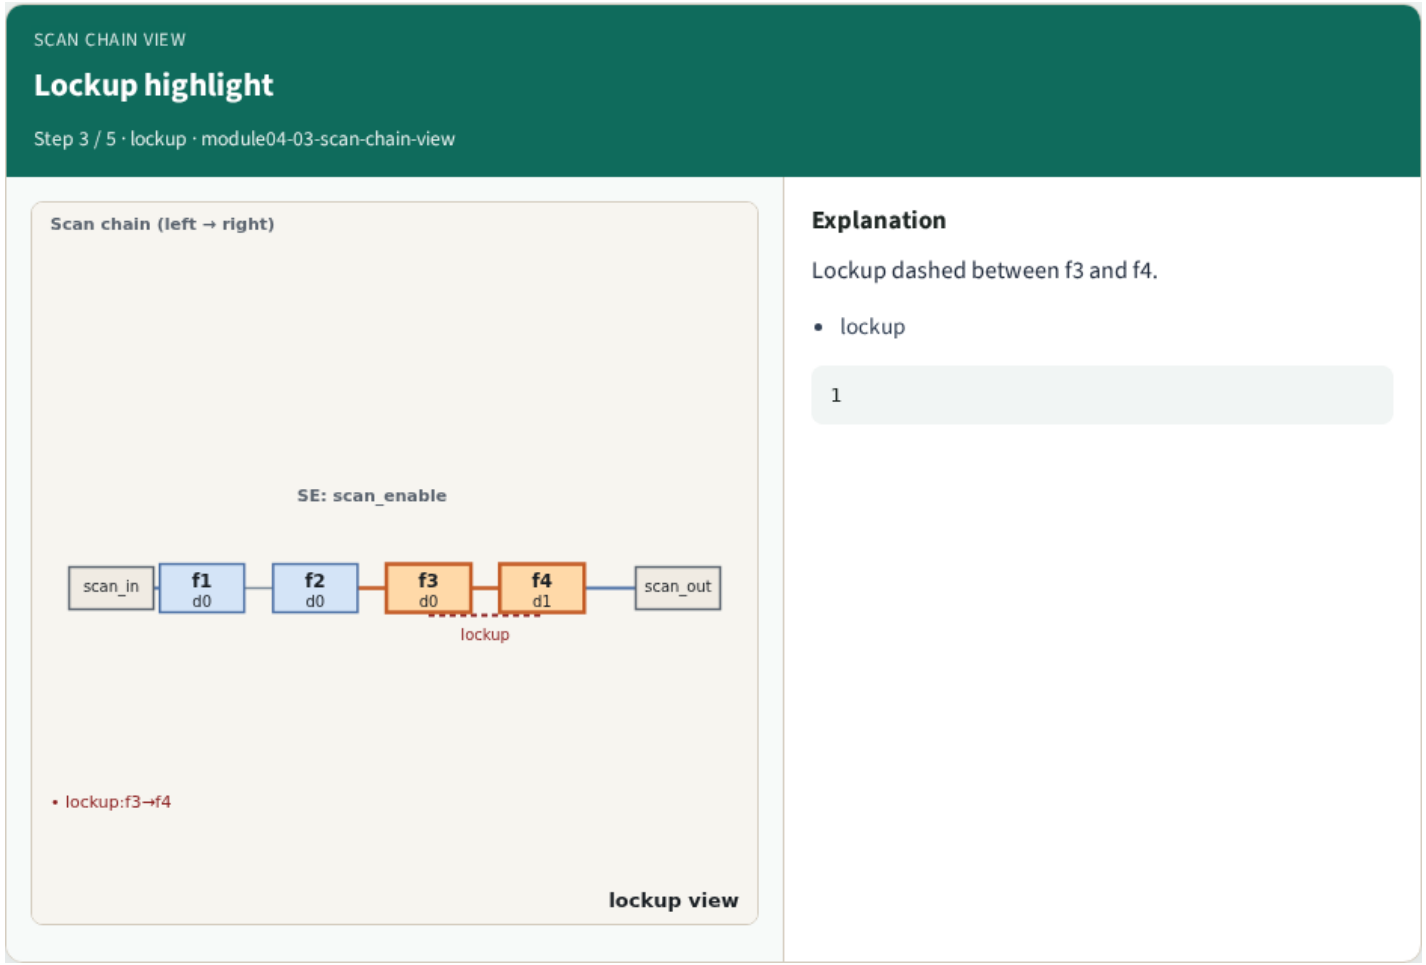

Draw chain

Stitch lines

Browser lab track

Browser lab starter

Implement track

- Reuse stitch + lockup + transform; drawDft shows chain

Pitfalls

- Drawing functional D paths instead of scan
- Hiding lockup

Your turn

- Next: DFT engine
