Hook

You inserted buffers with both DP options and slew heuristics on the same toy net

The idea

- Wire RC, slew budgets, candidates, library, Van Ginneken, slew-driven, polarity, fanout,
- Natural next: learn_signoff literacy or deepen STA

What you will do

- Recap RC, slew, candidates, VG, slew-driven, polarity, fanout

Pitfalls

- Skipping goldens
- Mixing browser and offline without matching JSON

Your turn

- Complete the checklist

Next
