Path complete

You finished Part A pass map, Part B real Yosys evidence, Part C algorithms bound to Yosys

What you can do

- Open the Yosys C++ tree with intent

Evidence

- Checked-in logs and goldens under common/logs and common/evidence

Four layers

- Pass-map labs teach order
- Real modules teach CLI and RTLIL
- Algorithm labs teach moves and bind them
- Internals labs teach how to read and extend the C++ tree

Next

- Complete the quiz for this part
- Continue to OpenROAD or OpenLane when you are ready for place and route evidence
