Wrap

You checked tiny_antenna: n1 ratio 25; n3 diode; 1 marker; jumper clears n1

The idea

- Natural next: learn_power

Recap

- Recap metal/gate area, ratio, charge, threshold, diode, jumper, markers, engine

Goldens

- N1 ratio 25; raw viol=2; after diode=1; marker=1; jumper n1=0; engine ok

Next

- Complete the quiz for this part
- Natural next: learn_power

Close

- Mark the wrap done when you can explain diode and jumper fixes
